Thanks Chad. Great work. Obviously, I am already in the dog house with Lyndsey. I will spend the first week at the site overly accommodating the Rad Queen. I will appreciate your total assistance in performing this duty. That is priority one. All else is secondary.

**Subject:** Remaining NFB Material Data Tables

Hello –

Attached are the data tables for the remaining material at NFB. In addition, I attached some example photos of how the material is being segregated and temporarily stored in coolers.

Thank You

Chad
